

Dear Pre-K 3 Families,

My name is Miss Lazaro and I am going to be your Pre-K teacher at Holy Trinity Catholic Academy for the 2023-2024 school year!

During the school year, your preschoolers will be strengthening their social, emotional and physical skills, literacy development, and their cognitive thinking.

Here are some activities that you can do with them over the summer to help prepare them for the school year:

### Math

- Count objects that you see throughout the day
- Spend time on math websites such as *splashlearn.com*

### Reading

- Read 20 minutes a day. Talk about the characters in the book, what happened in the story, and their favorite parts.
- Name letters that you see throughout the day! Try to look for letters in your name.

I hope you all have had a fun-filled summer with your family and friends! I cannot wait to meet you this fall!

Kindest regards,

Miss Lazaro
